① Adapting to Change

- "Change is a constant in our lives"
distributed system WHP, time?
Race condition (unpredictable)
latency (time)
- "Clear hurdles" → SCAMPER
some small
some more challenging

Python

- Gatekeeping or well meaning
* "Keep knocking"
Valda + Aji $\Rightarrow$
Our community
- "We're all beginners"
* life long learning
Exploration & exploration
- "Follow the tides"
ebb + Flow Energy
Rest + Recharge

Open doors

- One day I am going to do a talk that only has pictures of doors
Today is not that day
- "Level up those around self serving"

you, so you can
do the more
challenging work,
creative

- Micromentoring
Power of 5 minutes
one time interactions

Sara Leah

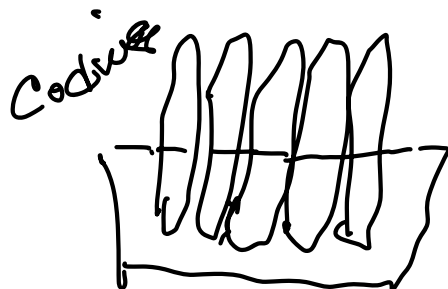

- SLACK
Networks help
knock down stronger
doors

PyLadies / Black
"Hope & resilience" Python
DWS

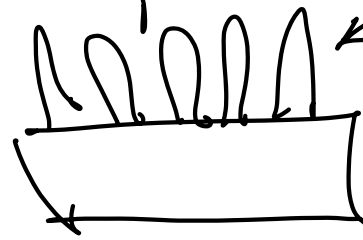

- Tech might not be worth
it, but the people
definitely are

- Non-technical

→ DjangoRants
Damon Wages
Rachel Calhoun

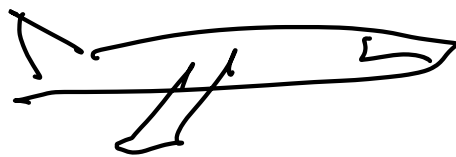

Choose
a path

Impact
Technical
Solutions
Impact

- arrogance or unawareness
Python
- Any engineering problem implemented in the real world

Flight system
 → Maintenance crew
 → Flight attendants
 (safely)
 → Pilot's seat

Be humble

- Ask Questions
- "I don't know" "What do you think?"
- Improv: "yes and"
- Code Review
List Comprehension
- Science 10% of code or terms
Jargon
- Recognize people hidden PTSD

tremors, → kindness keep it
• Please. Thank you. to the issue
I appreciate your effort. Not personal

• "Dream big"

"Hope starts with you."

Goal "Work code"

Change my little
corner of the world.
